Sales Idea of the Month

Replacing Old Annuities' Penalty Free

Finally rates have gotten back up over 3%. And with that comes an amazing opportunity. There are currently thousands upon thousands of annuity contracts out of surrender that haven't been moved. They haven't been moved because the clients are earning old minimums of 2 or 3%. With rates now getting back up close to 4% you need to contact all of your clients with these annuities to let them know you can finally increase their interest and yield. Call us today for more info on this lucrative sales idea!
